Dear Mr. Schwartz:

I'm following up with you based on discussions at our last meeting. We appreciate Arlington County (County) working with us to identify an alignment for the road network south of Arlington National Cemetery (ANC) and the associated environmental and planning studies that must be accomplished to realign Columbia Pike, Southgate Road, and Joyce Street. The intent of this letter is to assure you that ANC has not changed its position that we agreed to in the attached letter from November 2015 and that the general alignment of Columbia Pike will be that which has already been agreed to (commonly referred to as ACO3.3).

We appreciate your continued support and cooperation on this very important project and look forward to working collaboratively on the path forward.

Sincerely,

Katharine Kelley
Acting Superintendent
