

Dear 4MRV Working Group Members,

Since becoming chairman of the Park and Recreation Commission earlier this month, I have become aware of a confusion concerning the November 28, 2017 letter that our commission produced jointly with the Sports Commission.

I want to assure you that the contents and message came from extensive discussions and consensus developed by the entire commission. The positions presented in the letter and the wording were discussed at consecutive PRC meetings last fall.

Since the 4MRV project began, our commission has received numerous briefings and updates from our representatives on the working group. Additionally, other members, including myself have attended several 4MRV meetings in order to become familiar with the working group's issues.

Thank you,

William Ross
Chairman, Park and Recreation Commission
